

Harih Aum Everyone! Jai Gurudev!

Pranams to all- from Omkara-Chinmaya Mission NWI-

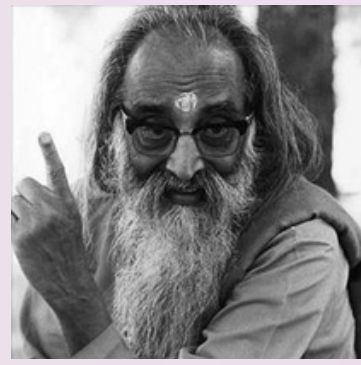

A School Of Vedantic Studies

Let us think...**What is literacy?** Knowing to read & write in English?
What about **Technological literacy?** And **Financial literacy?** Or
Political literacy? Ever considered **Scriptural Literacy?**

How is it possible? We want our children to be proud of their Hindu heritage. Learn good. Hindu Values, so they grow up to be strong loving happy adults. Use those valuable Hindu thoughts, for success in accademics, career and relationships. Be aware of the Hindu issues and speak up to defend when necessary. Become role models, leaders, and positive contributors to the world !

Then, as parents and grandparents, it is imperative to take these concerns seriously. Guiding them in that mode by encouraging and teaching them those precious values. To be able to answer the questions these modern day children ask!

Chinmaya Mission, founded by Pujya Gurudev, Swami Chinmayananda,

does exactly that! Sunday school Bala Vihar Classes, with fun and age appropriate intelligent activities, beautiful Swaranjali bhajans, adult study group discussions, along with Bhagavad Gita chanting & simplified talks on Vedanta, for adults... ! All this at your doorstep! Chinmaya Mission is a unique endeavor, with over 300 centers worldwide, for our well being, and our children and grandchildren's future. It needs the entire community's support to accomplish this noble task!

Come, know more about this Self Realized Spiritual Giant, born in the princely state of Kerala- "God's own country"The nephew of the Maharaja of Mysore- who chose to become a renunciate! To learn about- not his profession, not his relations, nor his name or fame, but to know his TRUE SELF! He came down from the heights of Himalayas, full of love and compassion, to take us all.. to new heights with Him!

Harih Aum!
